MASS MODIFICATION FOR SOLICITATION TFTP-EW-990899-B(Refresh #8) and
SOLICITATION TFTP-EW-990899-B(Refresh #9)

- A. The purpose of this modification is to update contract clauses to the latest version of the Environmental Services Schedule Solicitation, TFTP-EW-990899-B (Refresh #8) and TFTP-EW-990899-B (Refresh #9). Periodic changes are necessary to update pertinent clauses that keep the Solicitation current for all Schedule 899 Contractors. Clauses cited in this modification are hereby incorporated into referenced contract. These clauses replace all previous versions of said clauses.**
- B. Changes cited under this paragraph, in addition to those cited below apply to all contracts awarded under any previous versions of solicitation TFTP-98-SW-8999B or TFTP-EW-990899-B.**

The following changes have been made since the issuance of the last two solicitations: Refresh #8 dated June 19, 2007 and Refresh #9 dated August 18, 2007. In addition to the changes below, clauses have been revised and/or added in accordance with current agency guidance. The Offeror is strongly encouraged to thoroughly review this modification package.

GENERAL CHANGES

Service Contract Act (SCA) Wage Determination Index dated June 13, 2007 is attached. This index lists the most recent revision numbers as of its effective date.

Contractor should review the revised "INDEX OF REGISTER OF WAGE DETERMINATIONS UNDER THE SERVICE CONTRACT ACT" (SCA), ATTACHED HERETO AND MADE A PART OF THIS MODIFICATION. If contractor anticipates a claim to revise prices in accordance with FAR 52.222-43, contractor shall notify GSA within 30 days after acceptance of this modification. Note that if the request to revise prices in accordance with FAR 52.222-43 is accepted and processed, all future price increases for SCA eligible categories in the contract shall only be allowed in accordance with FAR 52.222-43. Existing EPA methods (i.e. annual escalation) will be removed for SCA categories. After a modification is approved to increase prices in accordance with FAR 52.222-43, that pricing for the SCA categories will not increase until a future Index of Wage Determinations is incorporated to the contract and an acceptable modification request in accordance with FAR 52.222-43 is received and processed.

SOLICITATION TFTP-EW-990899-B(Refresh #9)

52.212-1 - Instructions to Offerors—Commercial Items (SEP 2006)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF-1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF-1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3 (k) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF-1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

ENVIRONMENTAL SERVICES
MASS MODIFICATION FOR SOLICITATION TFTP-EW-990899-B(Refresh #8) and
SOLICITATION TFTP-EW-990899-B(Refresh #9)

- (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
- (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
- (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
- (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.
- (g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.
- (h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.
- (i) Availability of requirements documents cited in the solicitation.

(a) If an entity identified in paragraph (d) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities)–Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:

(1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies “Compliance with laws unique to Government contracts” (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

(2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA, that shall mean the individual responsible for placing the order for the ordering activity (*e.g.*, Federal Acquisition Regulation 52.212-4 at paragraph (f) and FSS clause I-FSS-249 B).

(3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph [\(a\)\(1\)](#) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.

(4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.

(7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.

(b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities) –Alternate I, the Contractor agrees to the following conditions—

(1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.

(2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

(c) In accordance with clause [552.238-74](#), Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number—

(1) The dollar value for sales to entities identified in paragraph (a) of the clause at [552.238-78](#), Scope of Contract (Eligible Ordering Activities)–Alternate I; and

(2) The dollar value for sales to entities identified in paragraph (d) of clause [552.238-78](#), Alternate I.

MASS MODIFICATION FOR SOLICITATION TFTP-EW-990899-B(Refresh #8) and SOLICITATION TFTP-EW-990899-B(Refresh #9)

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

(b) Trading Partners and Value Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt07999.html.

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, **called the Central Contractor Registration(CCR)** <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)3330505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)8291040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through online at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions(IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/cslpubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

T-TFTP-01 ENVIRONMENTAL SERVICES SCHEDULE ADDITIONAL TERMS AND
CONDITIONS (JAN 2007) (Only authorized for use by solicitation
TFTP-EW-990899-B)

GENERAL INFORMATION CONCERNING OFFER

Offerors are not required to submit an offer on all special item numbers (SINs) nor do Offerors have to provide every service under an individual SIN.

The price(s) offered for each SIN shall be inclusive of the base 5 years, and the three five-year options.

Once awarded a contract on this multiple award Federal Supply Schedule, contractors compete for business, and are responsible for marketing. There is no guarantee of business.

This schedule is non-mandatory. If a potential customer (ordering activity) can find prices lower on the open market, they may order outside the schedule. Therefore, it is strongly encouraged that Offerors provide prices that are highly competitive.

In accordance with the ordering procedures for services, ordering activities will solicit requests for quotes (RFQ) from Contractors on the schedule. Contractors will respond with a quote based upon their awarded prices. The preferred type of Task/Delivery order issued against the contract is Firm-Fixed Price, however, Labor-Hour or Time and Material task orders may be issued when the ordering agency deems it appropriate, provided a determination is made in accordance with FAR 16.601(b) and 16.601(c).

The Government may evaluate offers and award a contract without discussions with Offeror. Therefore, the initial offer should contain the Offeror's best terms from a price and technical standpoint.

Contractor Team Arrangements are encouraged under the federal Supply Schedules Program, for additional information see FAR 9.6 and "Contractor Team Arrangements" at our website <http://www.gsa.gov/cta>.

DEFINITIONS

Environmental Assessment	An environmental analysis prepared pursuant to the National Environmental Policy Act to determine whether a federal action would significantly affect the environment and thus require a more detailed environmental impact statement.
Environmental Audit	An independent assessment of the current status of a party's compliance with applicable environmental requirements or of a party's environmental compliance policies, practices, and controls.
Environmental/Ecological Risk	The potential for adverse effects on living organisms associated with pollution of the environment by effluents, emissions, wastes, or accidental chemical releases; energy use; or the depletion of natural resources

MASS MODIFICATION FOR SOLICITATION TFTP-EW-990899-B(Refresh #8) and
SOLICITATION TFTP-EW-990899-B(Refresh #9)

Environmental Equity/Justice	Equal protection from environmental hazards for individuals, groups, or communities regardless of race, ethnicity, or economic status. This applies to the development, implementation, and enforcement of environmental laws, regulations, and policies, and implies that no population of people should be forced to shoulder a disproportionate share of negative environmental impacts of pollution or environmental hazard due to a lack of political or economic strength levels
Environmental Exposure	Human exposure to pollutants originating from facility emissions. Threshold levels are not necessarily surpassed, but low-level chronic pollutant exposure is one of the most common forms of environmental exposure
Environmental Impact Statement	A document required of federal agencies by the National Environmental Policy Act for major projects or legislative proposals significantly affecting the environment. A tool for decision making, it describes the positive and negative effects of the undertaking and cites alternative actions
Environmental Management	Management of activities within tolerable constraints imposed by the environment itself, and with full consideration of ecological factors; management of the enterprise to achieve survival, profitability, growth and social responsibility; essentially preventive rather than retro-fitting
Environmental Site Assessment	The process of determining whether contamination is present on a parcel of real property.
Pollution	Generally, the presence of a substance in the environment that because of its chemical composition or quantity prevents the functioning of natural processes and produces undesirable environmental and health effects. Under the Clean Water Act, for example, the term has been defined as the man-made or man-induced alteration of the physical, biological, chemical, and radiological integrity of water and other media
Pollution Prevention	Identifying areas, processes, and activities which create excessive waste products or pollutants in order to reduce or prevent them through, alteration, or eliminating a process
Sales	Sales order, contract, shipment, invoice, actual recorded sales or other records, so long as the method of reporting used is consistent, provides an accurate indication of sales activity, and is verifiable
Subcontractor	Any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor
Support Products	Those products used in support of services offered through this schedule. They could include workbooks, training manuals, slides, videotapes, cd-roms, overhead transparencies, etc.

SPECIAL INSTRUCTIONS FOR PRICING ALL SERVICES ON AN HOURLY BASIS AT THE TASK ORDER LEVEL

- (a) Total price for Environmental Services will be established at the time the Task/Delivery Order is placed by the ordering agency and will be based on the prices awarded in the resultant contract. The estimated number of hours negotiated with the ordering agency and the labor category(ies) provided will be shown on the resultant Task/Delivery Order. If the agency Contracting Officer has made a Determination and Finding (D&F) that it is necessary and in the best interest of the Government to purchase from these SIN(s) on a Labor Hour or Time and Material basis, the resultant Task/Delivery order shall specify the Not to Exceed price, showing the Labor Category(ies) proposed (with the hourly and daily rates for each) the material proposed with unit price for each, and any Other Direct Costs (ODCs). All prices/rates proposed must be derived from the awarded GSA schedule contract prices/rates awarded. Any items/ODC's proposed that are not derived from the GSA contract prices awarded must be identified as "Open Market Items" which can only be awarded at the task order level in accordance with FAR Subpart 8.402(f).
- (b) Purchase of Open Market Items – NOTE: Open Market Items are also known as incidental items, non-contract items, non-schedule items, and items **not** on a Federal Supply Schedule contract.

IAW FAR subpart 8.402(f), for administrative convenience, an ordering office contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS)-referred to as open market items-to a Federal Supply Schedule Blanket Purchase Agreement (BPA) or an individual order, only if:

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Part 13, 14, and 15) and small business programs (Part 19));

ENVIRONMENTAL SERVICES
MASS MODIFICATION FOR SOLICITATION TFTP-EW-990899-B(Refresh #8) and
SOLICITATION TFTP-EW-990899-B(Refresh #9)

- (2) The ordering office contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

SPECIAL INSTRUCTIONS FOR PAYING IFF ON PAYMENTS/OFFSETS TO THE GOVERNMENT

- (a) Paying or Offsetting charges to Government Agencies for Recoverable Materials:
 - (1) Contractor will be responsible for the Industrial Funding Fee payment (reference clause 552.238-74) on total value of the payment/offset for charges to a government agency for recoverable items. (i.e. a contractor recycling operation recovers precious metals and either pays the government or offsets Task Order charges to the government by the value of the recovered material). As all sales off the Environmental Services Schedule include the Industrial Funding Fee, so shall all payments/offsets to the government be inclusive of the Industrial Funding Fee. The total value of the "Sale", in terms of reporting sales to GSA IAW 552.238-74 shall include the amount of offsets or payments resulting from Task Orders issued against the Environmental Services Schedule.
- (b) Examples:
 - (1) Example 1 (offset for charges) A task order for recycling computers is issued for \$5,000 with a provision for contractor to offset charges by value of recovered precious metals from recycling those computers. \$100 dollars worth of precious metals were recovered. The government pays contractor \$4,900 for the task. In this example, the contractor would pay the Industrial Funding Fee on \$5,000 even though the sale appears to be only \$4,900.
 - (2) Example 2 (payment to the government): A task order is issued for contractor to retrieve scrap metals worth \$5,000 in the recycling market. Contractor pays government agency \$5,000 for scrap metal retrieved. In this example, the contractor would pay the Industrial Funding Fee on \$5,000 even though there would appear to be no sale since the contractor paid the government.

INDEMNIFICATION AND LIABILITY

For Remediation Services performed under SIN 899-8 and Reclamation, Recycling and Disposal Services under SIN 899-5, it is understood that the General Services Administration (GSA) does not become an owner, operator, generator, arranger, or transporter of hazardous substances or wastes by executing a schedule contract or by the award of a task order by an ordering agency against a schedule contract for remediation or reclamation, recycling and disposal services. As a result, GSA shall not incur any liability under any environmental laws for contamination to the extent resulting from the negligent acts or omissions of a schedule contractor performing the services. In addition, the contractor shall be liable for, and shall indemnify and hold harmless the GSA against, all actions or claims for loss of or damage to property or the injury or death of persons to the extent resulting from the fault, negligence, or wrongful act or omission of the Contractor, its agents, or employees. EXCEPTION: The aforementioned does not apply when GSA is the ordering agency and is procuring the remediation or reclamation, recycling and disposal services for property it owns and/or has legal jurisdiction.

REQUIRED INSURANCE (APPLICABLE TO SIN 899-5, RECLAMATION, RECYCLING AND DISPOSAL AND SIN 899-8, REMEDIATION)

- (1.) Workers Compensation and Employers Liability Insurance as required by law except that if this contract is to be performed in a State which does not require or permit private insurance, then compliance with the statutory or administrative requirements in any such State will be satisfactory. The required Workers

At least the minimum limits of \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage shall be required.
- (4.) Pollution Liability Insurance. Minimum liability limit of \$500,000 per occurrence. Higher minimum may be requested by the ordering agency at the task order level and reimbursed as an Other Direct Cost. **
*****NOTE:** Contractor is required, at its own expense, to comply with State and Local government minimum Pollution Liability Insurance requirements for the type of work being performed. Contractors who do not currently carry the minimum required Pollution Liability Insurance noted in paragraph (d) above shall be required to purchase such insurance if needed to be in compliance prior to performance at the task order level. A higher minimum than required by this solicitation, or State and Local government requirements may be requested by the ordering agency and reimbursed as Other Direct Costs.*
- (5.) The certificate of insurance for other than workers compensation shall reflect the following: 1.) The policies shall exclude any claim by the insurer for subrogation against the Government by reason of any payment under the policies, and 2.) the GSA shall be named additional insured

NOTE 1: Any software provided under SIN 899-4 Waste Management Services or SIN 899-7 Geographic Information Services, must be incidental to and in support of the service provided. Software cannot be proposed as a stand-alone software product/package/system with services in support of and/or to maintain the software product/package/system. Software products/packages/systems proposed as stand alone solutions belong under schedule 70 GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT, SOFTWARE, AND SERVICES, not the Environmental Services Schedule even if the application of the software product/package/system is for Environmental purposes.

NOTE 2: For any software proposed that is incidental to and in support of the Environmental service proposed, the following terms apply to the software:

 - a. Commercial computer software or commercial computer software documentation shall be acquired under licenses customarily provided to the public to the extent such licenses are consistent with Federal law and otherwise satisfy the Government's needs. Generally, offerors and contractors shall not be required to-
(1) Furnish technical information related to commercial computer software or commercial computer software documentation that is not customarily provided to the public; or (2) Relinquish to, or otherwise provide, the Government rights to use, modify, reproduce, release, perform, display, or disclose commercial computer software or commercial computer software documentation except as mutually agreed to by the parties.
 - b. With regard to commercial computer software and commercial computer software documentation, the Government shall have only those rights specified in the license contained in any addendum to the ***task order***.
- (2.) In accordance with FAR 12.211 Technical Data:

commercial items was developed exclusively at private expense. When a contract for commercial items requires the delivery of technical data, the contracting officer (*at the task order level*) shall include appropriate provisions and clauses in the *task order* delineating the rights in the technical data (see FAR Part 27 or agency FAR supplements).

SERVICE CONTRACT ACT (SCA) REQUIREMENTS

NOTE: THE SERVICE CONTRACT ACT (SCA) APPLIES TO ALL ENVIRONMENTAL SERVICES TO BE PROVIDED UNDER THIS SCHEDULE EXCEPT FOR ANY PRICING OFFERED FOR SERVICE OUTSIDE OF THE UNITED STATES. THE SCA INDEX OF APPLICABLE WAGE DETERMINATIONS FOR THIS SOLICITATION AND RESULTANT CONTRACT ARE SHOWN AT ATTACHMENT 4 – THE FULL TEXT VERSION OF EACH WAGE DETERMINATION CAN BE VIEWED AT WWW.WDOL.GOV.

If your firm is awarded a contract based on a fixed rate of escalation, no increase for SCA equivalent labor category prices can occur unless a new Wage Determination (WD) is issued through the modification procedures resulting in increases above escalation rate hereby incorporated at time of award.

Contractors must meet only Direct Labor & Health & Welfare Benefit requirements in the SCA WD Revision Number currently incorporated into the GSA contract. The WD Revision Number in your GSA contract takes precedence over any WD Revision Number an agency incorporates to an RFQ at the Task Order Level. Contractors cannot increase their GSA contract prices at the Task Order Level as a result of accepting a WD Revision Number at the Task Order Level that differs from the WD Revision Number currently incorporated to the Contractor's GSA contract.

A contractor cannot increase its SCA equivalent labor categories prices beyond increases already in the GSA contract without a contract modification.

Reference Code of Federal Regulations, Title 29, Labor, Subtitle A – Office of the Secretary of Labor, Part 4 – Labor Standards for Federal Service Contracts, Subpart D – Compensation Standards, paragraph 4.161- Minimum monetary wages under contracts exceeding \$2,500, which states: “No change in the obligation of the contractor or subcontractor with respect to minimum monetary wages will result from the mere fact that higher or lower wage rates may be determined to be prevailing for such employees in the locality after the award and before completion of the contract.”
